The information on the scope of delivery, dimensions and weights as well as the appearance correspond to the knowledge at the time of printing (08/2025). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please contact your authorised WEINSBERG dealer for more information before purchasing. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and quality deviations are also reserved - even after conclusion of the contract - insofar as these cannot be avoided due to the material (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment. Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, please seek comprehensive advice on the current status of the series from an authorised WEINSBERG dealer before purchasing a vehicle. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the information in the current price list, in particular regarding weights, payload options and tolerances, which you can also find in our configurator at configurator.knaus.com. Please note that the number of beds indicated may include beds for both adults and children. The beds do not have the same dimensions. We therefore recommend that you consult your WEINSBERG dealer about the size of the sleeping places in the vehicle so that you can decide whether they are suitable for your intended occupancy (adults/children). For some models, additional equipment must be selected in order to achieve the maximum possible beds. Your WEINSBERG dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG. We reserve the right to change content at our discretion.
